Was the vehicle reported as Salvage, Rebuilt, Altered, For Parts Only?	NO
Was the vehicle imported from outside BC?	NO
Are there any ICBC claims involving vehicle damage?	NO

Claim History - this vehicle has 0 claims

Statement of Limitation

The information supplied by the ICBC web site is a report of vehicle damage and repairs paid by ICBC as of the date and time of such search. Any claim payments and adjustments made after that date will result in a change to the information presented.

This ICBC Vehicle Damage Inquiry Report is NOT FOR RESALE and should only be obtained directly from ICBC, an Autoplan Broker, or a motor vehicle dealer registered under the British Columbia Motor Dealer Act. No modifications are permitted. Reproductions are permitted only with authorization from ICBC.

The information provided will be from ICBC files only. The information can be incomplete or show 'No Details' for any of the following reasons:

1. Past damage to a vehicle could have gone unreported to ICBC if:
 - o The vehicle was not insured by ICBC at the time such past damage occurred,
 - o The owner repaired it at their own expense,
 - o The owner did not make a claim to ICBC.
2. ICBC denied a claim or the insured did not follow through with a claim.
3. The vehicle was insured under an ICBC fleet or garage policy. If so, repair information about the individual vehicle may not be available.
4. Damage has occurred, but ICBC has not yet paid out any amounts with respect to the damage.

ICBC does not make any representations as to whether repairs detract from or add to the vehicle or its value. To have as complete a picture as possible of the condition of the vehicle, you should have it inspected by a qualified mechanic.
